OFFICIAL WELCOME

Adrian Schrinner
Lord Mayor of Brisbane

On behalf of Brisbane, I warmly welcome you to the 2023 Asia Pacific Cities Summit (2023APCS) and Mayors' Forum.

The 2023APCS marks the return of the Brisbane-born event and the 14th iteration of the program.

With a focus on shaping cities for the future through connection, sustainability and legacy, I have the pleasure this year of welcoming business, government, industry, and emerging leaders from more than 140 global cities to Brisbane.

More than half of the world's population lives in cities, with projections indicating this will increase to seven in ten people over the next 30 years.

As the fastest growing capital city in Australia, Brisbane is already seeing the impacts of this rapid population growth across our communities.

The 2023APCS will explore a variety of topics including opportunities with technology, data and people, how we adapt and grow towards inclusivity and wellbeing, and creating economic growth and security.

I look forward to representatives from around the world sharing ideas, creating city partnerships, and working towards building a better and more sustainable future.

I sincerely welcome you to this prestigious event and to Brisbane, the home of the Asia Pacific Cities Summit and Mayors' Forum and 2032 Olympic and Paralympic Games.

2023APCS HOST CITY

BRISBANE SNAPSHOT

Brisbane is a thriving multicultural city, steadily building on its reputation as a global city.

Economy

AU \$181 billion

Sustainability

Brisbane City Council has been **certified carbon neutral** under the Australian Government's Climate Active program for seven consecutive years.

Liveability

Ranked 16th

most liveable city in the world

Innovation

Ranked in top 8%

Economic Output

49% of

Queensland's Economic Output

Estimated 2046 Population
(Greater Brisbane)

3.8 million

Estimated 2046 Economy
(Greater Brisbane)

AU \$262 billion

Today, Brisbane is a safe, vibrant, green and prosperous city, valued for its friendly and optimistic people and enjoyable lifestyle. Brisbane benefits from rich biodiversity and is home to more than 800 species of wildlife, 2,500 species of native plants and many thriving areas of bushland, parks and waterways. Often referred to as the River City, Brisbane is built around the winding Brisbane River and is characterised by a warm subtropical climate, outdoor lifestyle, hilly suburban pockets and Queenslander-style housing.

Brisbane is home to vibrant retail and dining precincts from the city to the suburbs, with extensive parkland spaces for sport and leisure, festivals, arts and entertainment. Brisbane has a multicultural and linguistically-diverse population, with approximately one-third of residents born overseas and 24% speaking a language other than English at home. Its world-ranking universities also drew 100,922 international student enrolments in 2020. Brisbane is a global hub in scientific innovation, mining and resources, technology, higher education and cultural attractions. Greater Brisbane has an economy of \$181 billion, accounting for 49% of Queensland's and 9% of Australia's economic output.

Above: On 23 July 2023, Brisbane celebrated nine years until the start of the Brisbane 2032 Olympic and Paralympic Games, and the first time the Olympic Rings and Paralympic Agitos have been on significant display in Australia since the Sydney 2000 Games, seen here in front of Brisbane City Hall.

BRISBANE 2032 OLYMPIC AND PARALYMPIC GAMES

Brisbane is where big ideas and opportunities come alive. Hosting the Brisbane 2032 Olympic and Paralympic Games will create an Olympic and Paralympic legacy, and help shape a better Brisbane for the future.

Brisbane will be home to 18 of the 37 Olympic and Paralympic competition venues, as well as the International Broadcast Centre, the Media Press Centre and the Olympic and Paralympic Athletes Village. Hosting the Brisbane 2032 Olympic and Paralympic Games is about much more than four weeks of sport in nine years' time - this opportunity will provide a green and gold runway to 2032 and a legacy far beyond.

Council has a vision for Brisbane. We're embracing our subtropical lifestyle, working towards a clean and green future as our population continues to grow, welcoming visitors to our places and precincts and championing our industry and businesses, and ensuring we are improving the quality of life for our residents.

Council is committed to helping create an Olympic and Paralympic Games where sustainability is front of mind, to continue to evolve Brisbane into a city that protects its nature, that creates the right infrastructure to move people around and accommodate them well, and a community that is known for high standards of health and wellbeing.

We've already taken off on the green and gold runway to Brisbane 2032. Brisbane City Council's city-shaping projects like the Brisbane Metro, the Green Bridges Program and the transformation of Victoria Park are well underway and will be important infrastructure to enable the smooth running of the Brisbane 2032 Olympic and Paralympic Games.

For more information, visit brisbane.qld.gov.au.

ABOUT THE 2023APCS

The Asia Pacific Cities Summit (APCS) & Mayors' Forum has been welcoming city leaders, future makers and trailblazers for more than 25 years, creating a forum to share and propel government and business relations and showcase the capabilities of cities to the world. The APCS has become the hallmark event for those at the forefront of cities drawing one of the largest and most diverse gatherings of mayors in the world. As an award-winning summit (Australian Event Awards Conference of the Year 2020), the alumni of participating cities now surpasses 550.

Under the overarching theme of **'Shaping Cities for our Future'**, delegates, including mayors, policy makers, business leaders, start-ups, young professionals, leading academics and industry professionals will gather in Brisbane to collaborate and connect across three days.

The 2023APCS is an exclusive opportunity to re-engage with the world at a significant scale and at an important and unprecedented time as we shape our cities for the future.

Cities of Connection

2023APCS MAYORS' FORUM

Wednesday 11 October

By invitation only

The 2023APCS Mayors' Forum is at the cornerstone of the 2023APCS.

This thoughtfully curated session offers a unique and exclusive opportunity for participating Mayors, Deputy Mayors and equivalents throughout the region to come together, share knowledge, address city governance challenges, and foster growth and prosperity for cities across the Asia Pacific region and beyond. This exclusive invitation-only event is an opportunity for participants to create their own global network of influential peers, to learn about the latest trends and share ideas on global best practice and opportunities in city management.

The key outcomes of the 2023APCS Mayors' Forum will be summarised in the 2023APCS Mayors' Accord, which will be signed by all participating leaders.

The 2023APCS Mayors' Forum will be co-facilitated by Curtis S. Chin, Chair, Asia Fellows, Milken Institute and Amos Garcia, Director of Milken Institute Asia Center, and emceed by Ms Nicole Andronicus, Director of International Relations and Multicultural Affairs at Brisbane City Council.

Hosted by

Facilitated by

2023APCS CITY LEADERS' FORUM

Wednesday 11 October

By invitation only

The 2023APCS City Leaders' Forum is an exclusive opportunity for non-elected local government executive staff including Chief Executive Officers, General Managers and Departmental Managers.

During this Forum, attendees will be exposed to the Cities of Value Framework and engage in an in-depth analysis of three prominent case studies:

- 1. Digital Brisbane:** Exploring the successful digital transformation strategies being implemented by Brisbane to enhance its urban development.
- 2. Kai Tak Sports Park:** Delving into the development and management of the Kai Tak Sports Park in Hong Kong, showcasing the intersection of sports infrastructure and urban planning.
- 3. Auckland's Climate Plan:** Examining Auckland Council's comprehensive Climate Action Plan (Te Tāruke-ā-Tāwhiri), which serves as a blueprint for sustainable urban development.

Following the case study presentations, participants will have the opportunity to collaborate and generate innovative solutions to a city-based scenario. These solutions will be presented to a panel of two judges, who will provide valuable feedback and insights, fostering a dynamic exchange of ideas to further urban development and governance.

The 2023APCS City Leaders' Forum is powered by KPMG with special judges Brisbane City Council's Chief Executive Officer Colin Jensen and KPMG International's Partner, Global Head of Government Brenda Walker.

Hosted by

Powered by

Above: 2019APCS Young Professionals' Forum

2023APCS GRIFFITH UNIVERSITY YOUNG PROFESSIONALS' FORUM

Brisbane Convention & Exhibition Centre (BCEC)
Thursday 12 - Friday 13 October

The Young Professionals' Forum (YPs@APCS) is an exclusive program to equip the next generation of global leaders with tailored professional development, networking and the opportunity to develop their ideas and city solutions that are cost-neutral, or revenue generating. This program has a strong record of attracting talented and leading young minds from throughout the Asia Pacific region and beyond whilst connecting them with city and business leaders to discuss and share their thoughts and solutions.

Powered by Griffith University, the 2023APCS Griffith University Young Professionals' Forum will present a thought-provoking program in which Young Professionals collaborate to propose city solutions to urban challenges related to the 2023APCS program sub-themes.

These solutions will be presented to all of the 2023APCS delegates on the final day of the Summit.

MAXIMISE YOUR APCS EXPERIENCE

Six ways to maximise business opportunities at 2023APCS:

- 1 Be the first to hear about major tender-ready projects at the **Major Project Announcement Briefings**.
- 2 Connect in-person and showcase your business to over 1,000 potential customers at the **2023APCS Market Square** exhibition space.
- 3 Make introductions and organise meetings with fellow attendees from 140 different cities via our bespoke **2023APCS app**.
- 4 Network at a range of social events including the Opening Reception, Gala Dinner, as well as breaks throughout the **program**.
- 5 Collect fellow delegates' contact details by scanning the individualised QR code on their lanyard.
- 6 Gain new insights on emerging city-shaping trends and issues from over 130 industry-recognised speakers.

Being part of the 2023APCS will connect you to key leaders across the public and private sectors, including:

- Mayors, Councillors and CEOs
- local, state and federal government representatives
- peak body leaders
- policy makers
- company CEOs and business leaders
- emerging leaders, innovators, and influencers.

Above: 2021APCS App interface

2023APCS App

The 2023APCS App includes functionality to request meetings well in advance of your arrival. Meeting suites are provided in the 2023APCS Market Square Brisbane Pavilion, offering a convenient and accessible space to host these strategic meetings. This app also remains open for 60 days after the Summit, to ensure you don't lose your new connections.

Key functions of the app allow you to:

- view the full Summit program
- take notes during the event which can then be exported
- look up exhibitors and speakers
- scan the individualised QR codes of fellow delegates via their lanyard (to save their contact details)
- receive important event announcements.

More information on the 2023APCS App can be found on page 17

Arrange meetings

- Delegates can use the 2023APCS App to request and accept meetings with fellow delegates.

Social media

Delegates are encouraged to use the hashtag **#2023APCS** for social media. Young Professionals are encouraged to use the hashtag **#2023APCSYP** in addition.

Staff will also be on-site during the event to assist delegates in accessing and using the app.

MAJOR PROJECT ANNOUNCEMENT BRIEFINGS

Plaza Level Meeting Room P6
Brisbane Convention & Exhibition Centre (BCEC)
Thursday 12 – Friday 13 October

These briefings provide an exclusive opportunity to hear directly from Mayors, Chief Procurement Officers, and project representatives on upcoming procurement activities and commercial opportunities in the Asia Pacific Region.

Hear first-hand about major projects that will be open for tender and private sector involvement within the next 12 months.

Presentations will showcase a range of opportunities, including the following:

Asian Development Bank
Dili West Water Supply Project (Dili)
Estimated project value: AU \$155 million

The Dili West Water Supply Project will support the development of climate-resilient infrastructure, including water treatment plants, groundwater holes, service reservoirs, and new water network mains to deliver potable water, from diversified sources such as groundwater and surface water. The project will also enhance the operations of state-owned water services utility Bee Timor-Leste (BTL) through the adoption of a gender-sensitive and socially inclusive water services operational plan. This will support key functions, including customer service, human resources, long-term capital investment planning, operations and maintenance, and asset management. In addition, the project will support the development of water services regulatory guidelines for adoption by the government's National Authority for Water and Sanitation. The guidelines will ensure the protection of water resources and enhance the financial sustainability of BTL.

Asian Development Bank
Citywide Inclusive Sanitation (Mataram, Pontianak, Semarang)
Estimated project value: AU \$477 million

The Citywide Inclusive Sanitation project will support the Government of Indonesia in increasing access to climate resilient, adequate and safely managed sanitation services to approximately 400,000 people in the cities of Mataram, Pontianak and Semarang. It will:

1. improve and expand sanitation systems by constructing wastewater treatment plants, sewer networks, household connections, and enhancing existing faecal sludge management (FSM) facilities to build project cities' resilience;
2. strengthen the regulatory environment and
3. improve institutional effectiveness of the sanitation service operators on governance, digitisation, resilience and asset management.

Invest Hong Kong

Ho Man Tin Government Complex (Hong Kong)

Estimated project value: AU \$80 million

The Ho Man Tin Government Complex is a multi-purpose facility in Kowloon City, providing an integrated health care and community centre for the district. The construction of this project forms part of the HKSAR Government's Northern Metropolis Development Strategy, proposing to expand the Northern Economic Belt under the Hong Kong 2030+ plan to cover New Development areas and nodes in Hong Kong's Northern territories. This development strategy promises to provide both additional residential areas, new job opportunities, new technology and industry parks to provide work/life balance and achieve smarter living and mobility for citizens. It will also support the future growth of Hong Kong as a smart economy and with industry transformation initiatives that allow Hong Kong-Shenzhen-Zhuhai to be tightly integrated as part of the Greater Bay Area economic growth.

Invest Hong Kong

Kau Yi Chau Artificial Islands (Hong Kong) (future project)

The Kau Yi Chau Artificial Islands are a future project, announced through the Lantau Tomorrow Vision, to meet the long-term needs of Hong Kong. Supported by a comprehensive network of strategic roads and rails, these islands will connect Hong Kong Island, Northeast Lantau and the coastal areas of Tuen Mun, and provide further interconnectivity to new territories in the Northwest. It is estimated that the Kau Yi Chau Artificial Islands are capable of accommodating a population of 500,000 to 550,000 people, providing 190,000 to 210,000 housing units, and support the development of a third core Business District, with some 270,000 diversified employment opportunities.

The Northern Metropolis and Kau Yi Chau Artificial Island macro projects represent a pipeline of future projects with a projected value in excess of AU \$100 billion (\$501 billion HKD).

**Central Economic Development Agency and
Palmerston North City Council (Palmerston North)
Te Utanganui - The Central New Zealand Distribution Hub**
Estimated project value: AU \$1.229 billion

Te Utanganui is a unique multi modal distribution hub in the lower North Island of New Zealand, consisting of rail, road, air and sea connections that will be the third node in New Zealand's national transport and freight network in the middle of the country. In the heart of the lower North Island, Palmerston North and the wider Manawatu region are experiencing unprecedented levels of growth fuelled by significant public and private investment, with more than NZD \$8 billion of transport and infrastructure investment planned or under way in the next 10 years. Te Utanganui is taking development in Manawatu to the next level, building upon initiatives already planned for the area, to create unprecedented connectivity across the central north island.

**Redland City Council
Birkdale Community Precinct - A Place with a Space for
Everyone (Redland)**
Estimated project value: AU \$300 million

Redland City Council is delivering an exciting, intergenerational project, designed for and by the Redlands Coast Community. The 62-hectare Birkdale Community Precinct will feature seven hubs: Cultural Hub, Willards Farm (Food) Hub, Innovation Hub, Entertainment Hub, Communications Hub, Recreation, Resilience & Adventure Sports Hub and a Conservation Hub. This precinct incorporates the Redland Whitewater Centre, the proposed Canoe Slalom event venue for the Brisbane 2032 Olympic and Paralympic Games, which was confirmed in the Brisbane 2032 Master Plan during the candidature process. It will also be part of the broader Redland Resilience Training Centre, with a primary focus on swiftwater and urban flooding rescue training, paddle sport elite training and international level competition, and community recreation.

Above: The APCS Secretariat at the 2023APCS Official Launch, Brisbane City Hall.

THE APCS SECRETARIAT

The Asia Pacific Cities Summit (APCS) and Mayors' Forum Secretariat is operated by the Lord Mayor's International Relations and Multicultural Affairs (IRMA) Branch at Brisbane City Council. The APCS Secretariat is responsible for:

- Leading the development of the long-term strategic approach for the APCS
- Facilitating the establishment of strategies and priorities for actions arising from the APCS
- Providing advisory and operational services to assist host cities in the coordination and management of their offshore APCS events
- Management for APCS events in Brisbane
- Reviewing and evaluating the outcomes and effectiveness of the APCS.

IRMA supports Brisbane's global positioning by developing international programs which benefit Brisbane businesses and providing meaningful connections for multicultural communities. Council's international business programs includes:

- Brisbane Sister Cities Program and key global regions
- Lord Mayoral Business, Deputy Mayoral Business and Trade Missions
- Inbound delegations and international visit requests and connections
- International engagement programs and initiatives
- International Internship Program
- The Lord Mayor's Multicultural Round Table
- The Lord Mayor's Multicultural Business Scholarship Program
- The Lord Mayor's Multicultural Awards for Business
- Providing cultural advice to Council and local businesses on economic and community-related events and programs.
